¹ These documents relate to transactions on which BDO received opinions from outside legal counsel that the transactions were not the "same or substantially similar to" those described in Notice 2000-44. While not called for by the Court's Order, we are producing this log for purposes of full disclosure and in an abundance of caution because of the breadth of the summonses. BDO believes the documents are not responsive to the Notice 2000-44 summons.
